

LUNDS
UNIVERSITET

Centre for Languages and Literature,
fall 2018

To students admitted for the course: Swedish as a Foreign Language, level 1–8

This information is intended for students **who have been admitted** to the course **Study Abroad: Swedish as a Foreign Language – Levels 1–8 (SFSH11) 60 hp**, at the Centre for Languages and Literature, Lund University, fall 2018.

On this [course home page](#) you will find information about date and time for the introduction meeting (mandatory!)*, schedule, literature list and syllabus for the course. Please consider the possibility of late schedule changes. It is a good idea to check the course home page and the schedule once more during the week before course start!

*In case you cannot come to the introduction meeting it is important that you tell us in advance. Send an email to Gunilla Ek Werner, our course administrator: gunilla.ek_werner@sol.lu.se, to keep your place in the course.

Directly after the first meeting (including Swedish "fika"= coffee/tea and a small bite to eat) you will be divided into two different groups and your teachers will show each group to the classroom where you start your studies.

In case you have changed your mind and are no longer interested in your place in the course, *please decline your admission offer on your page at www.universityadmissions.se, as soon as possible*. This will free up that space for someone else, and we have a long waiting list.

Please note that "Swedish as a foreign language" is a very intensive full-time course and it is not possible to combine it with other studies or work.

If you are already sure that you will be able to attend during fall it is a good idea to buy the literature on the list in advance, to get a flying start once you are here.

We are looking forward to meeting you in September and wish you good luck with your studies!

We are looking forward to having you as our student.

A warm welcome!

Lena Larsson, director of studies
Åsa Wikström, study counsellor
Gunilla Ek Werner, course administrator
