3.	Critical judgement and evaluation	

4. Course Content		
1.	Brief description of the course and its content including details of any sub-divisions	<i>The student continues to develop his/her ability to understand Swedish and produce oral and written Swedish in various contexts. The features particular to Swedish grammar and the Swedish phonetic system are discussed parallel to proficiency</i>

		<i>training. The course also provides the student with increased knowledge of Swedish life and institutions. The student builds up an active vocabulary through reading texts, and listening comprehension is developed through the use of recorded radio and TV programmes. Texts are studied with the aim of building up a general vocabulary of words and phrases. The ability to discuss, hold a conversation and give short speeches is developed, and pronunciation and grammar are practised using, among other methods, computer-based language programmes. Written language proficiency is developed through the execution of various written assignments.</i>
